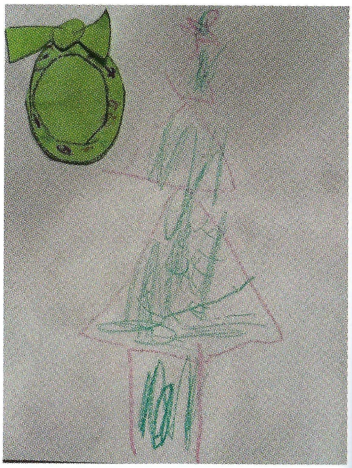
Letter FROM THE Staff



VASILIS EZA
Junior Director
Age 5

Dear HolMat Family,

It feels like an out of body experience to say that in 2026 I will have been cosplaying for 30 years. I don't really feel like I have been a cosplayer for three decades and I am convinced my work in the cosplay community is what is keeping me young (at heart, if not in body). 2026 will also be the 10th anniversary of my participation as World Cosplay Summit Team USA, so it does feel like a particularly full circle moment that this year we add the preliminaries of World Cosplay Summit USA to Holiday Matsuri's Winter Cosplay Championship - the largest collection of international cosplay qualifiers in the USA.

One person, however, cannot do everything for a department. When I joined this organization in 2021 the cosplay department at Holiday Matsuri was already well established as a foundational part of the show with an incredible team. I am also not sure if folks realize how many parts of the show a cosplay department connects to. I think of us as the Yggdrasil of the convention because our branches connect to almost everything at the show - guests, programming, interactive experiences, contests, and - most importantly - our attendees.

Since becoming the Director of Cosplay at Holiday Matsuri, my team, the Holiday Matsuri staff, and I have done our best to establish our own internal foundation and values: You are welcome here. Everybody and every BODY can cosplay. Diversity both in craft and individuality makes us a better community. If you are not including everyone, you are doing it wrong.

WE WANT COSPLAYERS TO KNOW THAT THEY CAN COME TO HOLIDAY MATSURI AND BE CELEBRATED.

The word 'Matsuri' means 'festival' but part of that festival celebration is to **honor** what is being celebrated. With that in mind, we want to do our best to honor members of our community and those who enjoy cosplay in any capacity, domestically and globally. To honor the connections cosplay, pop culture, and fandom creates around the world through our love of this media. Finally, our cosplay department tries to honor each special facet of our show - Our educators with our Cosplay Academy as a place to teach, our ever growing Cosplay Community Members by offering them a platform to connect with our attendees, our Cosplay Judges by inviting them to use their expertise to select our international cosplay representatives, our sponsors and industry collaborators by connecting them directly to the largest growing crafting community, and lastly, YOU, our attendees. We want to honor you by doing our best to have access to the best cosplay programming, prizing, guests, and experiences we can - both here at Holiday Matsuri and around the world with our growing network of convention partners.

The cosplay community should be a community that welcomes everyone. It is the cosplay department's privilege to continue creating the best possible cosplay experiences at what we hope to be the most welcoming event in the world here at Holiday Matsuri.
